

APPROPRIATIONS ARE MORE THAN BILLION

Indian Bill Only Budget Measure Defeated in Last Session of Congress.

Carrying a total estimated at more than \$1,000,000,000, all the appropriation bills, with the exception of the Indian bill, carrying about \$10,000,000, were passed by Congress before the session ended at noon today.

The last measure passed was the general deficiency bill. The Senate agreed to the conference report this morning and the House did so a short time later. This bill increases the salary of the President's secretary from \$6,000 to \$7,500.

Senator Fall last night and today conducted a filibuster against the Indian bill and defeated it. His objection ostensibly was aimed at the provision for removal of the Geronimo Apaches from the Fort Sill, Oklahoma, reservation, to New Mexico.

All Records Broken.

The total of the appropriations measures passed by Congress this session breaks the record. Democratic talk of economy has gone glimmering.

The public bill, which seemed doomed until late yesterday, finally weathered the storm last night and passed both houses.

In the long session last night, which did not close until 4 this morning, great progress was made in disposing of appropriation measures.

After a deadlock has lasted in conference for hours, the naval bill conference finally agreed to one battleship and the bill was put through both houses in that form about 5 o'clock this morning.

The legislative bill conference report was agreed to in the Senate at 3:36 this morning. A compromise was reached on the Army Office, by reductions in a number of salaries.

Killed By Filibuster.

The workmen's compensation bill has been killed by a threatened filibuster in the Senate, led by Senators Hoke Smith and Bryan of Florida. The session's bill in unamended form, will go through.

In the last two days and nights, during which both houses have been in almost continuous session, the burden of work in the Senate has been appropriations.

Other measures of large importance have been lost in the rush. The anti-injunction bill dies in committee.

NEW YORK STOCK MARKET IS STEADY

Wilson's Address Is Discounted. Speculative Leaders Lose Fractionally.

NEW YORK, March 4.—The New York stock market was dull today. A majority of stocks remained unchanged in price; many others showed small advances, but the active speculative stocks showed losses of an eighth to a half. Can stocks and corn products continued downward. Canadian Pacific was off a point and a half. The inaugural address is not calculated to have any effect on the market.

Americans on the London exchange were irregular. Peace prospects there are brighter, as the ambassadors of the powers meet today to consider Turkey's application for mediation.

The Pennsylvania Railroad Company reports earnings for 1912 of 8.23 per cent on its stock, as against 8.40 in 1911. The Guaymas Exploration Company has declared the regular quarterly dividend of 2 1/2 per cent, payable April 1. Other railroad reports show increases.

His course is a study of the legal foundations of the present economic organization, with an examination. In particular, of socialism as a critical attack on the legal and economic structure of society.
